

INSTITUTE OF INFORMATION TECHNOLOGY ALLAHABAD
Jhalwa, Prayagraj, Uttar Pradesh-211015

ADVERTISEMENT OF INTERNSHIP PROGRAM (ANRF/SERB)

Applications are invited for a two-month offline student research internship under the Scientific Social Responsibility (SSR) scheme of SERB, for the project titled “Design and Development of Computer Aided Diagnostic Software to Localize and Grade Eye Diseases using Deep Learning and Transformer Approaches”.

Objective: Student will be trained to learn the concept of machine learning and deep learning based techniques to detect and grade eye diseases.

Eligibility: Candidates currently pursuing B.Tech./MTech./B.Sc./M.Sc. in Computer Science and Engineering, Computer Science, Information Technology or in equivalent disciplines from University/Institution/College and having a strong orientation towards scientific research may apply.

Internship Details:

1. Mode: Offline
2. Duration: 2 Months, 30th May to 30th July 2025
3. Registration Fee: INR 1000 (If selected), which will be fully refunded upon the successful completion of the internship.
4. Certificate will be issued at the end of the Internship period by the project PI
5. Nature of support:
 - Stationery, consumables and hostel accommodation.
 - TA and food will not be provided.
 - Stipend: A nominal stipend may be paid depending on the availability of project fund.

Number of Candidates: 01

Last date of Application: 10th May, 2025

Note: Shortlisting of student/s will be based on their academic performance, and an interview may be conducted on 15th May 2025 to finalize the selection of internship candidate, depending on the number of applications received. The applicant should produce a bonafide letter from the Head of the Department indicating the current association with the Institute/University/College and No Objection Certificate allowing the student to undergo offline internship before joining. Interested candidates may submit their application online before due date through the following Google form.
